TOYS FOR TOTS

Get to Know

Farah Abu-Jaber

SALES COORDINATOR

If you could travel anywhere in the world, where would you go and what would you want to do there?

Definitely the Maldives! I love tropical destinations, so I'd spend my days swimming, snorkeling, and relaxing in an overwater villa. But more than anything, I'd love to visit Palestine again and reconnect with my roots. Unfortunately, we are not allowed to return, but I hope one day that changes!

What's a food or restaurant you could never get tired of, and what's your go-to order?

Arabic food! I grew up eating it, and I could never say no to some good authentic home-cooked dish.

What's a movie, show, or song you can always count on to put you in a good mood?

My favorite band is Rufus Du Sol, and they have SO many good songs, too hard to choose one!

When you were little, what did you dream of becoming, and what made you want to do it?

I always dreamed of becoming a fashion designer! I even used to design and create some of my own clothes as a kid, and my mom always encouraged my creativity. Safe to say, I took my little fashion career pretty seriously!

What's a hidden talent or fun fact about you that most people at work probably don't know?

I used to play varsity tennis in high school! I still love watching tennis, and I've always had a competitive side. I love a good match, but I love winning even more!

If you won the lottery tomorrow, what would you do first?

Immediately going on a shopping spree for a bunch of things I absolutely do not need! Then probably booking a flight somewhere tropical.
